Career Objective

Motivated Computer Science student with a strong foundation in Data Structures, Algorithms, and Full-Stack Development. Eager to leverage technical expertise and problem-solving skills to contribute to innovative projects and drive growth within a dynamic organization.

Technical Competencies

Languages: C, C++, SQL, HTML, CSS, JavaScript

Frameworks & Libraries: FTXUI, React 19, Node.js, Express.js, PostgreSQL, Socket.io

Tools & Concepts: Data Structures and Algorithms (DSA), MultithreadSystems Architecture, CMake

Key Projects & Experience

C++20 Interactive Developer Shell May 2026
Systems Developer

- Developed a responsive Text-Based User Interface (TUI) terminal emulator from scratch, managing build configurations across environments using CMake.
- Built advanced quality-of-life features including tab auto-completion, command history, and cross-platform file navigation using the modern C++20 `<filesystem>` library..

Chess — Full-Stack Multiplayer Chess Platform 2026
Full-Stack Developer

- Designed and built a real-time multiplayer chess platform (PostgreSQL, Express, React, Node.js) featuring live game synchronization, server-side move validation, and AI opponents, using AI-assisted development tooling to accelerate implementation.
- Drove architecture and feature decisions — multi-provider OAuth, input validation strategy, match-making design — and debugged issues through iterative testing across authentication, real-time sync, and game state.

Problem Solving & DSA Practice

- LeetCode: Solved 450+ problems focusing on Dynamic Programming and Graph Data Structures.
- GeeksforGeeks: Solved 150+ problems.
- HackerRank: Actively solving algorithmic challenges and participating in problem sets.
- Competitive Programming: Regular participant on Codeforces and AtCoder.

Education

Chandigarh University, Gharuan 2023 – 2027 (Ongoing)

B.E. Computer Science and Engineering | CGPA: 7.82/10 (till 6th sem)

D.A.V Centenary Public School, Haridwar

Intermediate (CBSE): 77.8%

Matriculation (CBSE): 74.6%

Achievements & Extracurriculars

- Team Leadership: Reached Round 2 of the Tech Invent PPT competition as team lead.
- Innovation: Showcased a rotating solar panel project at a University-level technical exhibition.
- Certifications: Microsoft Azure Fundamentals, Design Thinking & Creativity for Innovation.
- Engagement: Organized and participated in university gaming, yoga, and wellness events.
